

A Painted Stone

An apocalypse, a revolution, a new society, a weakened species. In Thazrane, a city where matriarchy has taken a terrible turn, a professional Mother and geneticist of the highest class loses her faith in the society she has worshiped her entire life. Spencer must balance a dying mother, a controlling partner, a manipulative sister, and a new forbidden love- or must she? A psychological, dystopian horror- A Painted Stone tells the rise and fall of two intertwined stories two years apart, within one life. Together the two stories paint a life of self-doubt, need, love, obsession, and fear of failure.
