

## Joey Yaps Weekly Tong Shu Diary 2013

For centuries, the Chinese Almanac or Tong Shu has been consulted for everything from forecasting the individuals luck for the day, to assisting in Feng Shui and Chinese Astrological calculations for the year. Even today, it is used for the selection of appropriate and auspicious days for almost every important activity, including groundbreaking ceremonies, marriage, product launches, office openings, and house renovations and move-ins. Now, all this information has been translated and incorporated into a yearly planner that is the only organising companion you will need for 2013. The Weekly Tong Shu Diary is perfect for the modern-day person on the move, with all the necessary information now at your fingertips. The Weekly Tong Shu Diary is a compilation of Joey Yaps extensive knowledge of Feng Shui and Bazi (Four Pillars), with incorporated references for professional practitioners of Chinese metaphysics. The information in the Diary is calculated using the 28 Constellations and the Heavenly Stars method, which is one of the time-tested systems used in writing the traditional annual Tong Shu. Joey Yaps Weekly Tong Shu Diary comes in a handy size - and high quality cover.
