

## HarperCollins Concise World Atlas

The HarperCollins Concise World Atlas presents an exciting view of the world through innovative maps and a stunning collection of geographical images. Detailed reference maps, presented in a highly distinctive and dynamic style, provide balanced coverage of the world. These are complemented by highly illustrative thematic spreads which include satellite images, space and aerial photographs, 3-D terrain models, graphics and statistics. This is the ideal atlas for exploring the world from home, for travel planning, and for school and college study.
