

Search for God & Higher Truth Book 4. New Age Forces are either Supernatural Evil or Mild Entertainment

New Ageism to me is not the true mysteries of life within the human condition and within the Universe like UFOs, Bigfoot, human origins, the statues of Easter Island, spontaneous human combustion, missing people, etc. New Ageism is people who think the conventional ideas of organized religion are boring so they come up with all kinds of creative ideas about supernatural forces that might help them or hurt them. Some people do this for fun to make a boring life more interesting. Its all about replacing a conventional God with all kinds of cute and kinky ideas about the Other Side all the way from Eckanar, an ancient Ascended Spirit to our modern-day psychics that you might see on TV like I recently saw two guys, van Prague and Edwards on some mainstream show. Some New Age gurus are straight-out con-artists pretending they have some great answers to life in exchange for money. Some New Age people are satanists who have sold their souls to evil supernatural forces in order to get the power and wealth they want. I believe in the supernatural forces of good and evil battling each other for the souls of people on Planet Earth. I believe if anyone demonstrates supernatural powers, they are evil force masquerading as a good force. This includes magicians that do seemingly impossible tricks. They have sold their souls to the Dark Dide and are getting help from Demons. The demons are the spirits of the fallen angels and their genetic offspring from Genesis 6:1-7 and the Book of Enoch. It says clearly in the Book of Deuteronomy (18:10-12) in the Bible that if you mess with offbeat supernatural powers, youre messing with charlatans or the evil forces of the Universe: 10. There shall not be found among you anyone that maketh his son or his daughter to pass through the fire or his daughter to pass through the fire, or that useth divination, or an observer of times, or an enchanter, or a

witch. 11. Or a charmer, or a consulter with familiar spirits, or a wizard, or a necromancer. 12. For all that do these things are an abomination unto the Lord and because of these abominations the Lord thy God doth drove them out from before thee. Deuteronomy 18:10-12 You can examine all the different ideas out there you want. The only bonafide idea is that God, the Creator of the Universe, gave you a pure essence or soul. The best you can do in life is to honor it by releasing whatever good, positive natural energy lives in there. Everything else is a lie. There is no Law of Attraction or Secret that some wise, ascended masters discovered. The Universe doesnt automatically give good people what they want just because they will it so with good intentions. If it did, all the activists and artists would have the utopian planet they want by now where everybody loves each other, there is eternal peace and nobody ever goes hungry. In many books of wisdom including the Bible, they say you get exactly what you dont want in order to test you, make you work and grow spiritually. Life is not a fairy tale nor meant to be one. Life is a challenge to become the person you were born with the potential to be. Its not about getting loads of money then sitting around in material excess. It says in the Bible God is no respecter of persons. You dont worship God so that He can give you the prosperity you want. You do it to try to be a positive force for humanity and to help people. Your purpose in life according to God is to be a humble person who serves his or her fellow man not to expect God to give you all the material things you want just because you pray to Him and go to church. If you need a shot of inspiration, find the positive force inside of yourself then do something worthy with it. Thats it.

Dont buy into anyone claiming supernatural powers. If they got them, theyre probably evil people using the Dark forces of the Universe for their own selfish to evil ends.
