

Bird Migration, Western Hemisphere [Tubed] (National Geographic Reference Map)

This National Geographic classic shows the mystery of bird migration and the incredible journeys that birds undertake in the Americas each year. 67 types of birds that migrate are shown on a map of the Americas that is overlaid with pathways that show migration routes from nesting grounds to wintering areas. Full-color bird paintings by noted illustrator Arthur Singer show each of the 67 species, making it easy to identify birds as they fly their amazing journeys. The map is packaged in a two inch diameter clear plastic tube. The tube has a decorative label showing a thumbnail of the map with dimensions and other pertinent information. Map Scale = 1:23,126,000 Sheet Size = 20.25 x 31.25
