

Genius of the Tarot: A Guide to Divination with the Tarot

A thought-provoking guide to the Tarot with insights for pros and neophytes alike. Pitisci's debut takes an approach to the Tarot that is as multitextured as the cards themselves. Part reference, part instruction, part entertainment, the book delivers a solid foundation on the cards and their basic spreads while also providing fresh perspectives. The easygoing, conversational tone puts concepts, techniques and suggestions within reach, and the author's decades of experience help to demystify the Tarot. However, seasoned Tarot readers will also find much to ponder here, as Pitisci tilts the usual perspectives and unearths new meaning in well-traveled territory. A worthy addition to any Tarot library, likely to teach new tricks to even the most experienced readers. Kirkus Reviews
