

Dear Mr. A ~ letters revealing the secrets of an entrepreneur

Expanded and Revised 2nd edition, version 2 Publication Date: March 10, 2015. Entrepreneurs need encouragement, insight and frankly, a mentor. Mr. A does all that and more for Max, a young entrepreneur just starting out. However, the real beneficiary of this riveting correspondence is the reader of Dear Mr. A. For you see, Mr. A is a sage, not the aromatic plant, but rather a profoundly wise man. Thus, the reader can benefit from his business acumen and the strategy process he reveals to Max. In Part 3 of the book Mr. A takes Max through The Next Level Navigator(tm), the core strategy process used by Intigro (www.intigro.com) to help any company (from startups to well established companies) break through barriers to reach new heights, new growth and profits. In fact, it was The Navigator that Rackspace (NYSE: RAX), the #1 managed cloud company, used to help it achieve its ranking. In reality, Dear Mr. A is thousands of dollars worth of business consulting crammed into a \$9.95 book! However, beyond the strategy process Mr. A guides Max in negotiating the ups and downs of life by way of letters that span 5 years. We all know that life does not occur in a vacuum. There are joys and tragedies, setbacks and victories; and so it is with Max. Set in the 1940s, World War II breaks out and Max's life is disrupted. Through it all, Mr. A helps him explore his desires, disappointments and passions while revealing entrepreneurial secrets that range from creativity to organization to strategy. To inspire and guide the reader to greater success, there are brief exercises sprinkled between letters to apply Mr. A's mentoring to Max; thereby mentoring the reader, as well. Many who have done these exercises describe how their plans have become more real and thus, more achievable. Whether you are a person who is just starting out in business, a seasoned entrepreneur, or person who enjoys a great

story of self discovery; the understanding Mr. A brings to Max will delight and benefit all.
