

Greeniology: How to Live Well, Be Green and Make a Difference (Food, Family & Friends Cookbook)

Practical, realistic, and easy-to-follow, this book reveals how to tread the earth more lightly, making it a better place to live. Offered are tips on using less energy at home and wasting less paper at work, which are easily incorporated into everyday life and allow individuals to live more responsibly without making dramatic or expensive sacrifices to lifestyle. Addressed are such topics as energy, genetically modified food, packaging, recycling, shopping, cosmetics, and fashion. Pertinent environmental concepts such as global warming are explained and put into a local context.
