

## Thoughts for a New Perspective

Too often in life, we see only what we are conditioned to see. Influenced by our parents, environment, education, religious beliefs, mass media, or society in general, these narrow-minded perspectives limit our growth and prevent us from truly connecting with others. In his guidebook *Thoughts for a New Perspective*, an innovative transformational leader shares fascinating insight on how to remove our blinders, open our minds to a new way of thinking, and ultimately find a new perspective on life. Through a unique roadmap filled with over eight hundred transformational thoughts, Kurt Jordan leads others through an introspective process that opens the mind to think about God in a new way, encourages a look inward to find the answers to a variety of questions about life, offers a new outlook on relationships and love, and shares guidance on how to connect with our spirit in order to discover who we really are deep inside. *Thoughts for a New Perspective* shares wisdom, advice, and reflections that will help anyone begin to transform their thought processes in order to find peace and contentment in everyday life.
