

Think it's impossible to communicate with your dead loved ones? The fact is they're probably already communicating with you! Find out what they're saying with this groundbreaking book that teaches you the language and messaging methods of the dead. Having lost her mother and adoptive father to death by the age of 10, medium and psychic Janice Carlson uses her two decades of professional afterlife-communications experience to help you:

- Recognize the signs of visitation by your passed loved ones souls
- Pierce the veil between the living and the dead by awakening your 7 soul senses and improving your right-brain abilities
- Sense the presence and messages of your dead loved ones using your chakras and intuition
- Use afterlife-communication tools
- Send messages to the dead and receive their replies on an ongoing basis
- Understand the differences between being visited by spirits and being haunted
- Encourage visitation from your passed loved ones and pets
- Overcome the real barriers to afterlife communications
- Monitor your night dreams for soul visitations and messages
- Learn how and when to protect yourself from the spirits of the dead

Filled with true accounts of visitations and communications with the dead, this one-of-a-kind book offers a compassionate alternative to the traditional "They're gone; just move on" – grief counseling. Afterlife communications aren't just for seances anymore. They're being used the world over to ease grief, help survivors move forward with their lives, and come to understand that most human souls do not perish, but continue to be active in our lives on a spiritual level.
