

American Directory of Writers Guidelines: More Than 1,700 Magazine Editors and Book Publishers Explain What They Are Looking for from Freelancers

Perhaps the best-kept secret in the publishing industry is that many publishers--both periodical publishers and book publishers--make available writers guidelines to assist would-be contributors. Written by the staff at each publishing house, these guidelines help writers target their submissions to the exact needs of the individual publisher. The American Directory of Writers Guidelines is a compilation of the actual writers guidelines for more than 1,700 publishers. A one-of-a-kind source to browse for article, short story, poetry and book ideas.
