

Tarot Spreads -- Get the Whole Story: Discover and create Tarot spreads for all occasions

Tarot Spreads Get the Whole Story clearly describes the process of creating new Tarot spreads. The techniques in it are so easy a novice can master them; so profound that an expert will discover new insights in them. This book also presents and explains a variety of spreads that every Tarot reader will find a useful addition to their repertoire. And not only does this book contain a wealth of valuable spreads, but it also does what no other book about Tarot spreads does it shows you how to use those spreads! Many of the powerful spreads in this book are explained in detail through the innovative use of sample readings for famous people, such as Marie Antoinette and Clark Gable, and for characters from myth and literature, such as the Odyssey and Wuthering Heights. So whether you're a novice just learning how to read Tarot cards or an experienced reader looking to enhance your understanding of the process, this book will teach you, enlighten you, and (what makes it truly unique!) entertain you along the way.
