

The Job-getting Formula - For The Experienced Worker: A Simple 5-Step Secret To Get A High-paying Job That Will Help Pay Your Debt And Offer You The Good Life Full of Fun

The Job-getting Formula simplifies everything about getting a high-paying job into practical step-by-step answers to 5 KEY questions, which are ALWAYS in the Mind of the prospective Employer or their hiring managers and hiring decision makers. These are the questions that drive their hiring decisions when looking for someone to solve a specific business problem.

1. Big Question 1: Are you PASSIONATE and WILLING to fit into the high-paying job more than any other candidate?
2. Big Question 2: Do you know the prospective Employers PROBLEMS and DESIRES better than any other Candidate?
3. Big Question 3: Can you DELIVER RESULTS, despite on-the-job challenges, better than any other Candidate?
4. Big Question 4: Can you CONTACT the Employer and let them know you can deliver results better than any other Candidate?
5. Big Question 5: Can you PROVE in an interview that you are fit for the job better than any other candidate?

The degree of success with which you can practically answer ALL FIVE questions determines your chances of getting the Job.

5 BIG Reasons Why Most People Fail To Get the High-paying Job They Want And How To Avoid Making The Same Mistakes:

1. Employers are looking for passionate and service-dedicated A-players who are driven to deliver results and would do anything creative and unconventional to crack high-demand skill opportunities and get the jobs they are passionate about. Most job seekers lack the passion, drive and energy for the jobs they go after, thereby violating Big Question 1 of the Job-getting formula. In Step 1 of this book, you'll learn the secret mindset and winning habits that will offer you an insurance against failure in getting the high-paying job you want.
2. Most people DO NOT take time to investigate what the problem of the prospective Employer is before applying for the job

they therefore send out generic resumes and cover letters which confirm that they do not have a clue of the Employers problems. Again violating Big Question 2 of the Job-getting formula. In Step 2 of this book, you'll learn what I call the Gold Diggers Approach for figuring out the exact problem an employer is willing to pay you, as high as possible, to solve.³ Most job seekers send out weak and mediocre resumes and cover letters that DO NOT market and sell their on-demand skills and accomplishments to the Employer but rather present themselves as incompetent pay-check mongers who cant deliver results. This violates Big Question 3 of the Job-getting formula. In Step 3 of this book, you'll learn how to combine over 12 Rules of Influence and other bad-ass techniques to force a hiring manager (or hiring decision maker) to call you for an interview.⁴ Most job seekers, despite great skills, experience and qualifications may fall short of the courage (fear of rejection), skill, and techniques of directly contacting informants, for ripping vital information regarding problems faced by employers, on one hand; and meeting hiring managers to sell their in-demand skills, on the other hand. This violates Big Question 4. In Step 4 of this book, I will show you how to contact a hiring manager, head of department or hiring decision maker in a way that makes them see you as competent, confident and mature for the high-paying job you want.⁵ Most job seekers, who succeed to get to the interview stage, fail to proof their worth as marketed and sold by their resume and cover letter. This is because they lack insider knowledge about the interviewing techniques and psychology used by recruiters, hiring managers and hiring decision makers for judging candidates. This directly violates Big Question 5, and stops them from passing an interview and getting a high-paying job that offers the great lifestyle benefits they want. In Step 5 of this book, I will reveal over 190 toughest interview questions as well as the

psychology, rules, formulas and techniques for answering them.
