

## The Only Interview Guide you will ever need...!

Would interviews be a lot easier if you knew what the questions were beforehand?

Written by experienced interviewers, the guide includes 180 of the common / standard interview questions such as: What are your strengths? What are your weaknesses? Where do you see yourself in 3 years time? ...and the dreaded...Tell me about yourself...! ... with advice on how to prepare answers to them. The guide covers in-depth competency / behavioural based interviews, providing 30+ sample questions to work with and advice on how to prepare answers for these questions - including management competency questions. We cover preparing for: value based interview questions used by third sector organisations; SBI (Strength based interview) questions used in graduate interviews; Skype & Telephone interviews; and tips on how to effectively research an organisation prior to an interview. This is a comprehensive interview preparation guide, hopefully the only interview guide you will ever need...
